	1911 Evening Mist
	1748 Margarita Lime
	1999 Raisin
	Die Line

Step 1. Hoop **Pellon Soft N Stay** or **Cut Away** Stitch out first die line.

Step 2. Cut quilt batting and fabric panel 2" larger than die line. Spray back of fabric and batting with spray adhesive and lay batting, then fabric over die line.

Step 3. Using matching thread to your fabric, stitch second die line and then floral background stitch.

Step 4. Stitch out details of pattern. ****There is the option to finish off the block fully. Once the pattern is stitched out, pull out hoop, place matching fabric onto the back of the hoop, pretty side out. Adhere into place with tape or spray adhesive, stitch out final die-line. You can omit this step, if you do not want to finish off quilt block with a back fabric.****
